

The Nibley City News

Nibley, Utah — July 2010

HYRUM CITY FIRE DEPARTMENT

The Hyrum City Fire Department is taking applications for volunteer firefighters. If you would like to provide a needed service for your community and associate with a great bunch of people, the Hyrum Fire Department will provide training and equipment. Applications may be picked up at the Hyrum, Nibley, or Millville city offices.

If you have questions, call Chief Cardell Nielsen (757-4169), Asst. Chief Kevin Maughan (881-0562), or Battalion Chief Blake Christensen (757-4177).

The Hyrum City Fire Department provides fire protection for the communities of Hyrum, Nibley, Millville, and the surrounding unincorporated areas.

KEEP SIDEWALKS CLEAR

Many trees, shrubs, and flower gardens adorn our community along sidewalks and roadways. They are pleasant to look at and provide beauty and shade. However, untrimmed trees and shrubs inhibit pedestrian use of sidewalks and cause walkers to sometimes leave the sidewalk to avoid the vegetation. Please trim trees and bushes so they do not impede the normal flow of pedestrians.

Dear Nibley Citizens:

From the Mayor

I wish to thank everyone that organized and participated in our Nibley Heritage Days celebration. It was a big success. I had a great time at each of the activities. I publicly thank Jennifer Hollingsworth, Bonnie Darrington, and Laura Frandsen for their tremendous work in organizing the pageant, children's play, and Heritage Days. They had many people that helped them create these wonderful events for our community. I appreciate everyone that helped.

I have been excited and anxious to move into our new council chambers / community center that was built in cooperation with the Cache County School District's Heritage Elementary School. The school is set to open in August 2010. However, Nibley City will not be occupying a portion of this school. For over a year, we have worked with the superintendent and his staff to design and build our addition to the school. When it came down to getting the School Board's approval, we could not reach an agreement that satisfied both parties. Therefore, we are looking at the possibility of building a new city hall and community center. We have funding in place with a very good interest rate, less than two percent. Construction costs are as low as they have been in the last five years or more. We will make our last bond payment on our current building this fiscal year. There is considerable need for new office space. The timing seems to be ideal. We are currently weighing all our options and hope to make a decision within the next month. As always, please give me your ideas.

I hope you continue taking the time to enjoy all that Nibley City has to offer. There are always the things we tend to take for granted; i.e., drinking water, roads, etc. In addition, our city parks are a tremendous benefit to the community. I thank Rod Elwood for his professional care and personal touch in designing and maintaining these facilities. We are lucky to have him as a city employee. Our parks are his showcase front yard. Please let him know how to make these open spaces more enjoyable for you and your family. Have a wonderful Nibley City summer. They do not get any better.

Mayor Gerald Knight

CARS ON ROADWAYS

The City often receives calls about cars being left on the roadway for extended periods of time (multiple days). Residents are reminded that it is against city ordinances to leave a vehicle unattended on a public road for more than 24 hours. Vehicles, including trailers, parked on the public right-of-way cause safety and aesthetic concerns.

DIRT AND GRAVEL ON CITY STREETS

It is common for homeowners to order topsoil or gravel and have it dumped on the streets in front of their homes. The City's storm water regulations require that any such piles of dirt be cleaned up the day they are deposited. Piles of dirt on the street cause traffic safety and pollution concerns. Rain storms wash sediment into our storm water system and, ultimately, into the rivers and streams of our valley.

A BIG THANK YOU!

The Nibley City Heritage Days Celebration was a huge success! Much fun was had by all during the week-long event. It took many hands and much effort to pull off such a successful celebration.

Thanks goes out to all event chairpersons and their committee members who worked tirelessly for months in advance.

Swim Night: Due to weather, the Family Swim Night was rescheduled for September 8. The event will be held at the Logan Aquatic Center (451 S., 500 W. in Logan). Wrist bands are \$1 and can be purchased at the City Office before the event. The wrist bands **cannot** be purchased at the pool. Children 3 and under are free and need to wear a swim diaper and swim suit with an inside lining.

WHAT IS STORM WATER?

Storm water is runoff from rain and snow storms. A system of gutters, ditches, and storm drains collect this runoff from our yards, rooftops, streets, parking lots and other land surfaces. This collection of water then discharges untreated directly into our natural waterways.

Help keep our storm water clean ... Storm water picks up pollution as it flows across the land surfaces. Pollutants like litter, garbage, pesticides, fertilizer, and yard waste, oil and antifreeze, paint and cleaners, pets and animal waste, construction debris and many more.

*Remember,
we all live
down
stream!*

BASEBALL NEWS

Let's keep playing ball... The Nibley Knights, a new 10U Super League baseball team for this fall, is looking for six additional players to complete its team roster. These kids (ages 8, 9, or 10 years old as of April 30, 2011) must love baseball, be willing to work hard, and be committed to the team.

By starting in the Fall League, the primary focus of the team will be player development and having fun. The team will practice part-time over the winter in preparation for the Spring League 10U division. It is undecided if they will participate in tournaments the first year - definitely not this fall.

The Fall League will run August 28 - October 9, 2010 and will consist of 2 games each Saturday. The team cost is \$650 plus uniforms and any necessary personal equipment, to be divided among the players.

This is a great opportunity for the kids to have more quality playing time and to enhance their baseball skills. Phil Takis will be holding a tryout on Saturday, July 10th at 10:30 a.m. at the Elkhorn field on 2600 South.

If you have any questions, feel free to contact Phil Takis at 753-9670 or philtak@digis.net.

HYRUM LIBRARY HAPPENINGS

! Gloria Skurzynski, author of the "National Parks Mysteries," will be speaking at the library on July 29 at 10:00 a.m.
! The second brick donor wall is still unfinished. This is a great way to give a lasting gift to someone you love. The \$100 donation is tax deductible. Call the library for more information.

MOVIES IN THE PARK
Mark Your Calendar!
Several **FREE** movies have been scheduled at the park on 3200 South. The dates

are **Monday, July 19** and **Saturday, August 21**. Movies start at dusk. Watch future newsletters for more information or contact Casey Judd at 787-8395 or casey.judd@usu.edu.

! Those who have donated their Ridley's Advantage points in the past need to re-sign up for this program each January, per Ridley's policy. If you wish to donate your points, please fill out the form when you are at the library. Thanks for all your support. This is a great way to earn money for the library.
! **The library will be closed July 3, 5, 23, and 24.**

BEAR RIVER HEAD START PRESCHOOL

Bear River Head Start Preschool is now accepting applications for the 2010-2011 school year. The child must be 4 years old by September 1, 2010 for Center Based Services and 3 years old by September 1, 2010 for Home Based Services. For more information, contact Maria Toledo at (435) 232-3873 or visit www.brheadstart.org.
