Nibley City Overview	92

June 10, 2022

Greetings, Nibley Citizens.

“Show me the money.” It is not just a line from the movie, Jerry Maguire (<https://www.youtube.com/watch?v=mBS0OWGUidc>). It is a statement about what we value. While I cannot guarantee this Budget will provide the same enthusiasm shown in the clip. I can guarantee that thanks to the dedication of city staff who prepare this Nibley City Budget, the days of boring rows and columns of numbers requiring specialized knowledge to interpret are in the distant past. On the contrary, this Budget aims to give clear and transparent communication about the financial status and financial priorities of Nibley City. As you review this Budget, I encourage you to read the narrative associated with each line item to understand the meaning behind the numbers presented in the tables and shown in the charts.

There is a lot to be happy about in this Budget and a couple of things to keep an eye on. The details show that Nibley City operates with a fiscally conservative approach. We have a balanced budget with little debt, conservative revenue projections (despite the growth in our city), and good planning that anticipates future projects needed to provide important services.

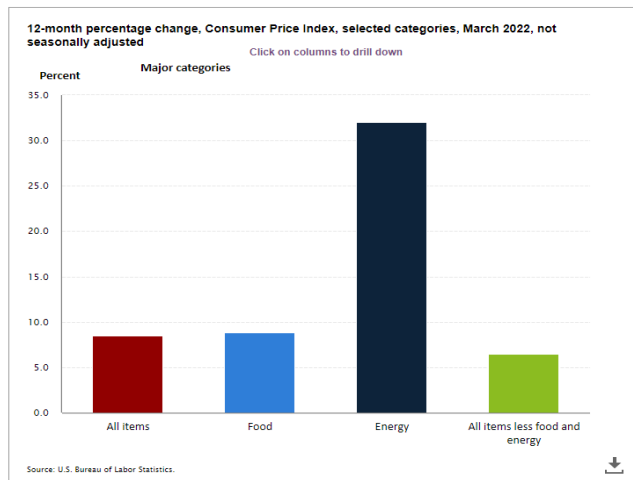

The Nibley City Budget is several budgets within a budget. The utilities (for example, water, sewer, and storm water) are services provided for a fee rather than being funded by taxes. As you can see, each of these pseudo companies have their own stand-alone budgets with their own revenues and expenses. I am pleased with the efficiency that city staff works to provide these utilities throughout the year.

The General Fund is the part of the budget that is mostly funded by taxes, mostly property tax and sales tax. Despite the modest retail activity in Nibley City, sales tax outproduced property tax during our last fiscal year and will do the same this year. Section 10-31-130 explains how the state distributes the local sales tax equally between point-of-sale and municipal population. On-line sales have bolstered Nibley’s point-of-sale revenues because our front porches are the that point-of-sale. Still, Nibley remains largely a bedroom community, and we are working on our own retail opportunities on US-89/91 and Hwy 165 to better capture sales tax that “leaks” to neighboring communities.

The other main source of revenue for the General Fund comes from property tax. Historically, Nibley City has maintained a tax of 1/600 (0.001667) of taxable property values. However, given the astounding annual increase of property values of 28 percent, this year the budget has been approved at the lower rate of 0.0014845 of taxable property values. We estimate that this rate will be practical and adequate to provides the “right” level of local government. It requires efficiency to provide the roads, parks, and trails, and capital-project funding that we treasure as a community. We will be working through the Truth in Taxation process this summer because the city anticipates collecting more property tax dollars - even with a lower tax rate - this year due to the rising property values.

The expenditure side of General Fund gives us a couple of things to keep our eye on, one longer term and one short term. Regarding the longer term item, we recently completed a Capital Projects Finance Plan ([http://nibleycity.com/images/2022\\_Nibley\\_City\\_CFPF.pdf](http://nibleycity.com/images/2022_Nibley_City_CFPF.pdf)) that evaluates how well the General Fund can satisfy the costs of the capital projects that are currently included in the various Nibley Master Plans. This analysis shows that even with anticipated growth bringing impact fees, we will fall well short of the listed goals, especially for park development. While the Finance Plan shows different scenarios to balance our funding with our desires, it is not clear at the moment what is the best approach. This Budget does not propose a remedy that dilemma. The Parks and Recreation Advisory Committee, the Planning Commission, and the City Council will have ongoing discussions on this topic. I hope you will help us work through this.

The short-term issue I mentioned is one that I feel this Budget must deal with. The chart below shows the inflation rate in the United States for the past twelve months. With all items included, the Consumer Price Index increased by 8.5%. The Utah-specific increase was also 8.5%. Even if we eliminate sky-rocketing costs for energy, along with food increases, the inflation rate was 6.5%.

The next chart shows the other half of our short-term issue. Unemployment in Cache Valley is extremely low, with the Federal Reserve reporting the March 2022 unemployment rate at 1.7%. I'm sure you have noticed the Help Wanted signs around the valley. Employee talent is in demand, and to maintain its staff, Nibley City must compete with other employers.

I learned a new term recently. Shrinkflation is when a company decreases the quantity or quality of its goods or services to offset the increasing cost of producing or providing those services. I don't see shrinkflation as a viable alternative for Nibley City. We have an extremely competent, highly motivated, citizen-centric staff. We want to hold on to them. While I am not aware of employees threatening to quit over compensation levels, I prefer that we stay in step with the competitive labor market by fairly compensating city employees. With that approach, they can focus on doing their jobs rather than thinking about whether they should be looking elsewhere. Given these considerations, this Budget proposes a 7% cost of living adjustment in employee salaries and wages.

Despite some headwinds, Nibley City is on solid footing thanks to the fiscally conservative approach of past Councils and City Staff. I look forward to help keeping us there. I hope you will review this Budget and lend us a hand towards the same goal.

Thank you,  
Larry Jacobsen

## Strategic Goals and Objectives

**Our City Mission Statement is:** We make life better for each other. Residents, businesses, and government work together to develop the City in harmony with its natural environment, historical surroundings, and in accordance with the General Plan. We will provide fiscally sound municipal services for a safe, attractive, creative, and viable community.

**Our General Plan**, found at <http://nibleycity.com/index.php/government/planning-zoning/master-plans>, identifies our city's goals and strategies that guides everything we do. It provides a framework from which we operate our whole city from. Our General Plan considered current conditions and community needs, and produced a reaffirmed or revised direction for the future of the city. Several community meetings were held as part of the planning process as we developed this plan. This process was last completed in 2016.

This General Plan is updated periodically to address what has changed in the community, to confirm the community's core values and to identify new opportunities, while helping to prepare Nibley for the future. Nibley's General Plan helps prioritize public investment and prepare to act on new opportunities. The General Plan is intended to provide for orderly growth and development that is consistent with the character of the City and its residents' core values. The General Plan is one of the most important documents for Nibley City because it answers important questions about what people can expect for the future of their community.

### Process for formulating goals:

**1. Public Involvement:** Community input was solicited to be truly representative of public interests and desires. Many opportunities were given, and a variety of methods were used to engage the public for their opinions.

**2. Public Events:** Interviews with commissions, interested groups, businesses owners, interested citizens, and City staff were held early and throughout the process to identify and assess issues, needs, attitudes and vision. Residents and stakeholders were also engaged through three public events focusing on that vision and choices. Following each workshop, a summary was made available online.

**3. Steering Committee:** During the last phase of the process, a Steering Committee was set up to vet ideas and questions in the final plan.

**4. City Council and Planning and Zoning Commission:** The planning team met several times with the City Council and Planning and Zoning Commission to update them on the process, discuss key issues, and obtain guidance during the process. The Council has the ultimate authority to adopt the proposed plan.

### Through this process, it was determined that Nibley's principal issues facing our City Council are:

- Pride in the City's history and heritage
- The rural character, scenic beauty, and natural resources of the area
- Nearby recreation opportunities
- Agricultural fields and open spaces
- A transportation system that promotes safe and efficient travel
- Recognizing and respecting private property rights
- Aesthetically pleasing design of development and public facilities

## Plans to Address City Goals

### Land Use/Growth

Nibley will be a healthy and sustainable place, where protecting and highlighting natural assets, such as the view of the Wellsville Mountains, the Blacksmith Fork River, key wildlife corridors and open spaces are prioritized. Nibley provides places that create a strong sense of community and a high standard of living for residents that respects and preserves the City's heritage and property values.

### Residential Development and Housing

While retaining the character and form of established neighborhoods, residential development in Nibley will emphasize the conservation of open space and, using that conservation process, will incorporate a variety of housing forms.

### Commercial and Economic Development

Nibley's commercial development will be compact and economically sustainable, focused in identified centers, balanced with residential growth, and will promote the area's character and charm.

### Transportation and Mobility

Nibley supports an efficient circulation system that will allow traffic flow on major streets and create a safe atmosphere that encourages pedestrians and bicyclists. Trails are a critical part of the transportation system.

### Parks, Trails, and Open Space

Nibley will have a park system interconnected by trails, community facilities, and cultural features, which are connected to neighboring systems and communities.

### Utilities and Municipal Services

Nibley will continue to strategically plan and implement improvements to utilities and public infrastructure to ensure necessary facilities and services are provided to the community and occur in advance of significant growth. Nibley will pursue opportunities to develop information infrastructure to support technology business development.

## Budget-In-Brief

---

The City's General Fund accounts for the financial resources necessary to carry out basic governmental activities for the City that are not accounted for in other funds. The General Fund supports essential city services such as law enforcement, fire protection, street maintenance, recreation, and parks and open space maintenance. General Fund revenue is collected from taxes (property, sales, and utility), licenses and permits, service fees, fines, and grants.

## Conservative Revenue Growth

---

General Fund revenues in Fiscal Year 22-23 are expected to remain stable. Nibley has seen a larger amount of growth over the last year than in previous years. 128 new home building permits were issued in calendar year 2021. Budget projections related to home building in the FY 22-23 budget are based conservatively on an estimated 75 homes. Three large developments are currently under construction that should easily produce that many homes over the next fiscal year. An increase of 5% has been assumed for home values throughout Nibley. Sales tax revenue is expected to continue to grow as Nibley's and Utah's economies and populations grow.

## Tax Levels and Assessing Fair and Reasonable Fees

---

The FY 22-23 budget was approved with a lower property tax rate than last year. The City has historically adjusted the property tax rate to be 0.001667. This year it has been determined by the City Council to adjust the property tax rate to be 0.0014845. The state law considers this to be a tax increase, which requires the City to hold a Truth in Taxation hearing in August.

The sewer revenue amount in this budget reflects a \$1 rate increase for Nibley utility users, as adopted by the Nibley City Council in 2018. The sewer fee Nibley City charges residents is currently \$54 per month, and will increase to \$55 per month in March 2023. Nibley uses those funds to pay Logan City for wastewater treatment for their citizens. The rate being charged by Logan City increased by 10% each July 1<sup>st</sup>, from 2017 through 2021.

Our City Council approved a \$1 rate decrease for EMS charges this year. It was determined that current expenses could still be met with a \$1 decrease each month per residential home.

## Grant Revenue

---

Nibley City originally purchased the property for Firefly Park for \$442,000.00, with the understanding that the funds would be reimbursed by Cache County RAPZ. The timing however was unknown, and depended on the County redeveloping properties in North Logan that were associated with the development of Green Canyon High School. The properties have been redeveloped and sold, and it is therefore anticipated that Nibley will be reimbursed for the purchase of the land in fiscal year 22-23. The City was also granted money for the development of the park, at a 50% match. Up to \$78,000 RAPZ per year was agreed upon through FY 22-23. Nibley has developed the park as planned, and is anticipating a \$78,000 award this fiscal year.

Staff has worked with Heritage Elementary and the Cache County School District, and has been awarded \$110,000, with a minimum 7% match for a Safe Routes to School Grant. The project identified project was constructing a sidewalk along 3200 South from 800 West to the eastern edge of the Nibley Meadows development. This will complete the sidewalk along the entire length of 3200 South from Hwy 165 to 1600 West.

Staff has committed to diligently working towards a Federal Grant to assist in the construction of Ridgeline Park. A consultant has been selected to assist that has been successful a number of times securing this grant. The grant is reimbursable up to 50% of the cost to construct the park. For a phase one project, staff is seeking \$1,000,000 to be reimbursed.

Last fiscal year, Nibley received \$422,216 of American Rescue Plan Act money from the Federal Government. It is expected that the same amount will be received FY 22-23.

## Maintaining Core Services

---

As a community, Nibley continues to place the highest of priorities on funding core municipal services to residents. As a result, please note that the FY 22-23 budget reflects the funding of programs and resources across all operating departments that will allow the City to increase or maintain levels of service.

- Continued construction of Firefly Park
- 1200 West and 3200 South Roundabout
- Construction of missing links in the City's sidewalk and trails network
- Begin construction of Ridgeline Park
- Market adjustments in maintenance accounts due to inflationary pressures

**Community Development and Recreation:** The Nibley City Recreation Department is responsible for coordinating sports and recreation programs, pursuing funding opportunities for City recreation, and organizing and supporting cultural events and other community development programs. It has started new Soccer and Ultimate Frisbee programs and is planning future recreation programs. The City will also continue to provide many of the successful programs offered in years past, such as Heritage Days, the BOOnanza, baseball, softball, and more.

**Planning:** The planning department has been busy handling subdivision applications in the past year, along with updating ordinances. The City Council has made it a practice to set aside funds on an annual basis for planning. In the next year, Nibley City will work on an update to the City's Parks and Recreation Master Plan. This is particularly important in light of continued rapid growth.

## Budget Documentation

---

Nibley City staff members continue to revise and improve the structure of this budget document in order to make it more easily understandable and compliant with the standard recommended by the Government Finance Officers Association.

## Qualified and Motivated Workforce

---

The ability to provide quality services to Nibley residents is made possible by the City's qualified and motivated workforce. It is Nibley's policy to continue to invest in training and education in order to continue to maintain that standard of quality. It has been the City's practice to adjust the employee pay scale by 2% annually as a cost-of-living adjustment. However, inflation in the US economy in 2021 was 7% and it is estimated that 2022 close out around 4.5%. Staff has collected data from around the US and the State on what other similar sized Cities are offering as a COLA. The FY 22-23 budget includes a COLA of 7% for employees and elected officials and accounts for increases in benefit payment amounts, including retirement contributions.

## Proposed Timeline for meetings and approval

---

- May 26 – First presentation and adoption of tentative budget
- June 9 – Public Hearing and possible budget workshop
- August 25 – Truth in Taxation Hearing and Final Adoption

## Glossary

---

**Administrative Charges:** Administrative charges are funds transferred into the General Fund from Enterprise funds to cover expenses that are directly related to Enterprise operations.

**Appropriation:** An appropriation is a legal authorization to make specified expenditures for specified purposes.

**Betterment:** "Betterment" occurs when the City makes repairs or improvements with a more expensive design, uses higher quality materials, or increases the useful life of an asset.

**CRA:** Community Reinvestment Agency, separate legal entity from Nibley City. Board of Directors is established by ordinance as the City Council.

**Debt Service Funds:** Debt accumulated to finance resources needed in order to meet our City's needs.

**Enterprise Funds:** An enterprise fund is a self-supporting government fund that sells services to the public for a fee, ie. Utilities.

**Fund Balance:** The difference between a fund's assets and liabilities.

**General Fund:** The City's General Fund accounts for the financial resources necessary to carry out basic governmental activities for the City that are not accounted for in other funds. The General Fund supports essential city services such as law enforcement and fire protection, street maintenance, recreation, and parks and open space maintenance. General Fund revenue is collected from taxes (property, sales, and utility), licenses and permits, service fees, fines, and grants.

**Internal Service Funds:** A method of accounting used to finance goods or services provided by one department or agency to another department or agency on a cost-reimbursement basis.

**Major Funds:** Major funds are funds who revenues, expenditures/expenses, assets, or liabilities are at least 10 percent of the total for their fund category (governmental or enterprise) and at least 5 percent of the aggregate amount for all governmental and enterprise funds in total.

**Non-Major Funds:** These funds account for assets held by the City as an agent. The financial activities of these funds are smaller in nature and scope. Only earnings and not principal may be used for purposes that support various programs.

**Special Revenue Funds:** Used to account for the proceeds of specific revenue sources legally restricted to expenditures for specific purposes.

Should Nibley City find a need to make an amendment to the budget subsequent to its adoption, a public hearing is held prior to adopting changes. Other less-significant budget amendments are made at year-end, as part of the process of adopting an amended current-year budget.

## Fiscal Policies

Nibley City examines statistical and demographic information as part of the financial decision-making process. Nibley City has grown from a population of 2,040 in the 2000 Census to approximately 7,328 in the 2020 census. More than 42% of the City's population is under the age of 18.

The City currently employs 20 full-time employees, 30 part-time employees, 10 seasonal employees, and has multiple contracted positions, including the City Attorney, some Engineering services, Auditor, Accountant, and Commercial Building Inspector. Nibley also contracts with other agencies for Court, Library, Wastewater Treatment, Solid Waste Disposal, Fire, Law Enforcement, Prosecuting, Animal Control and Ambulance services.

Nibley City uses the modified-accrual basis for all budgeted funds, which is also used in preparation of the City's annual financial reports. Modified accrual is a governmental accounting method whereby monies are accounted for when they become measurable and available, which typically occurs when the City is invoiced for the payment. Budgets are subject to ongoing review by City staff. The Nibley City Council and the public are provided with monthly financial statements to keep them updated on the status of each budget department. The basis of budgeting is the same as the basis of accounting used in our audited financial statements.

Revenue projections are made by analyzing the City's population and expenditure growth and projecting the upcoming year's growth based on those trends. Expenditures are, to the extent possible, anticipated and projected in the preparation of each department's budget, and most capital expenditures are accounted for in the preparation of Capital Improvement Plans.

In compliance with the requirements of the laws of the State of Utah, Nibley City staff members present a balanced budget to the City Council for adoption. In order to meet the balanced budget requirements, one of the following must occur: revenues exceed expenditures, revenues equal expenditures, or revenue and any appropriated fund balances equal expenditures.

In preparing and executing each fiscal year’s adopted budget, Nibley City adheres to the following principles:

1. Nibley City will practice fiscal conservatism.
2. Nibley City will focus on holistic budget issues and not dedicate unreasonable effort to a single project or item.
3. Nibley City will take responsible steps to pay off the City’s debts in a timely manner.
4. Nibley City will make contributions to the City’s long-term savings, so that the City will be adequately prepared in the event of a fiscal crisis.
5. Nibley City will keep its residents, City Council and staff apprised of budgetary decisions, so that those decisions can be made in a transparent manner.
6. Nibley City recognizes that, from time to time, it may be necessary to update these principles in order to reflect changes in financial planning practices.

# GENERAL FUND REVENUE

FISCAL YEAR 22-23

South Hollow Road

## Revenue

The Revenue section of the budget shows funds received by Nibley City from various sources, including taxes, fees for permits and licenses, grant funds, etc.

## Taxes

The Taxes portion of the Revenue section of the budget accounts for funds received by Nibley City from taxes on property, sales, utilities, and vehicles.

From the table below, it is clear that Nibley's primary revenue sources are 1) Sales Tax from state sales tax redistribution, and 2) Property Taxes. Nibley's taxation policy should therefore support state sales tax laws that sustain this revenue and the management of staff and finances to maintain an attractive, quality community that is friendly to property owners and supportive of high property values.

### Tax Revenue FY 2022-23

**10-31-110 Real Property Taxes** – Property tax revenue is determined by multiplying the property tax rate by the value of real property in the City. Property valuations are reviewed by the County annually and new valuations are released by the County each June. Based on the valuations determined by the County, the County adjusts the City’s tax rate to a level that, when multiplied against the new year’s property value, generates the same amount of dollars of revenue for the City as was generated the previous year. That rate is referred to as the Certified Rate. If property values go up, this would result in the certified tax rate going down. In order to allow the property tax revenue to grow with inflation and expansion, and to maintain sustainable and predicable service as the City grows, it is the City’s practice to adjust the City’s tax rate annually. This may be an increase or decrease depending on the state of the economy. If the certified rate is raised or lowered by Cache County, a vote of the City Council is required to adjust the tax rate back to the historic level of 0.001667. In order to adjust the rate up to the historical rate, the City is required to hold Truth in Taxation Hearing. If necessary, this hearing is held in August. Homeowners are taxed on 55% of the value on their primary residence. [Please see Cache County Tax Rates here at this link: https://www.cachecounty.org/auditor/tax-rates.html.](https://www.cachecounty.org/auditor/tax-rates.html)

**10-31-120 Delinquent Property Taxes** – These are property taxes that were not paid during the year they were due but were received this year.

**10-31-130 Sales Tax** – These are taxes that are collected from retail sales both in Nibley and throughout the state. For every dollar spent in Nibley, one cent is set aside for cities as the municipal share. Nibley City receives 50% of all the municipal share sales taxes generated within Nibley City; the rest of that sales tax goes to the state’s population pot. Sales tax generated in Nibley accounts for about 15% of the City’s total sales tax revenue, with about 85% coming from statewide population redistribution. Nibley City receives taxes from the state’s population pot based on Nibley City’s total population. Sales taxes are collected each month and then distributed about 25 days after the last day of the month that the tax is due. The Sales Tax rate in Nibley is 7%. Of that, 4.85% goes to the state, 1% goes to the municipal share, as described above, 0.25% goes to the county, 0.30% goes to CVTD, 0.25% goes to Cache County for transportation, another .25% for Transportation Infrastructure, and lastly 0.10% goes to the county for Recreation, Arts, Parks, and Zoo (RAPZ) Tax.

**10-31-140, 141,142, 143 Franchise Taxes** – Revenue generated from taxes and fees paid by utility customers to the utility companies that operate in the city. Franchise agreements are in place with Rocky Mountain Power, Dominion Energy, Comcast, Digital First Telecom, and CenturyLink.

**10-31-150 Vehicle Taxes** – Revenue generated from the taxes the city receives from vehicle registrations of city residents’ vehicles. These taxes are collected and distributed by Cache County once each month.

**10-31-160 CVTD (Pass Through)** – Revenue received from the State and passed through to CVTD.

## Licenses and Permits

*The Licenses and Permits portion of the Revenue section of the budget accounts for funds received by Nibley City from residents and businesses as fees for permits and licenses.*

**10-32-210 Building Permits** – Revenue generated from building permits. There was a total of 236 total building permits in calendar year 2021, 128 of which were new home permits. That is an increase of 65% for new permits overall and an increase of 98% on new home permits from the previous year of 2020.

In addition to the budgeted revenue that would come from new home permits, additional revenue is anticipated for other permits as well, such as for remodels, accessory structures, solar permits, and commercial permits.

The graph below shows the trend in building permits from FY14-15, FY15-16, FY16-17 and FY17-18, FY18-19, FY 19-20, FY 20-21 including the breakdown for the types of permits. As of March 31, 2022, the City had issued 38 new home permits in past 12 months.

**10-32-220 Business Licenses & Fees** - Revenue generated from business licensing fees and late fees, which includes \$30 for a home-based business with impact and \$150 for a commercial business, as well as a \$10 late fee. The City currently has 140 home-based businesses and 26 commercial businesses.

**10-32-225 Fire Inspection Fee** - Revenue generated from commercial business license fire inspection fees. The fee is collected by Nibley from the business at the time of renewal of the business license. Cache County conducts the inspection, and the cost is passed along to the business owners.

**10-32-250 Dog Licenses** - Revenue generated from dog license fees, which is \$15 for spayed/neutered dogs or \$25 for unaltered dogs. Revenue is used to pay for animal control services provided by the Sheriff's office. Reimbursement of dog boarding is also received here. See expenditure account [10-54-360](#) for reference.

**10-32-251 Kennel License** - Revenue generated from kennel license fees, which are \$30 for a multi-dog license for up to 3 dogs. Revenue is used to pay for animal control services provided by the Sheriff's office. See expenditure account [10-54-360](#) for reference.

## Intergovernmental Revenue

*The Intergovernmental Revenue portion of the Revenue section of the budget shows funds received by Nibley City from other government agencies, which often includes grant funds.*

**10-33-322 Children's Theatre Grants** - Revenue generated from anticipated grants including: a \$1000 State of Utah grant, a \$1,250 RAPZ grant, a \$3,000 Rocky Mountain Power Grant, a \$750 Utah Division of Arts & Museum Grant, and \$750 from T-shirt sales. See expenditure account [10-75-661](#) for reference.

**10-33-323 Grants Miscellaneous** - Revenue generated from economic development, public safety or other grant sources. We are expected to receive a grant from the State of Utah for the TDR study.

## Charges for Services

**The Charges for Services portion of the Revenue section of the budget shows funds received by Nibley City as charges for services provided by the City.**

**10-34-410 Communications Center-Dispatch** - Revenue generated from a \$3 per residence and business monthly charge to pay for the countywide dispatch center. This charge is passed on to Logan City through expense account [10-54-440](#). The \$2 dispatch center fee provides funds to support the Countywide 911 Emergency Dispatch Center and the \$1 Radio Fee provides funds to support the radio and antenna infrastructure around the county that is used by public safety agencies.

**10-34-420 Planning Review and Inspection Fees** - Revenue generated for application fees, such as for submission of a final plat, to pay for items reviewed by the Planning Commission. This account is also used to account for the fee for a land use appeal hearing. Those hearings typically only occur a couple of times per year. This account also will receive revenue from charging for development review and inspection fees.

**10-34-422 Development Fees Reimbursement** - Revenue generated from developers who reimburse the City for fees the City incurs such as: street lights, concrete collars and trees, engineering and legal reviews.

**10-34-430 Refuse Collection Service Fees** - Revenue generated from fees paid by residents for garbage, recycling and green waste collection services. Revenue is passed through to Logan City through Expenditure account [10-62-320](#). The City charges an extra 25 cents per can for an administrative fee in addition to what Logan charges for the services.

**10-34-431 Community Center Rental Fees** - Revenue generated from Community Center/Council Chambers rentals. Community Rental Fees are: Resident Small Gathering \$100, Resident Large Gathering \$200, Non-Resident Small Gathering \$150, Non-Resident Large Gathering \$350.

**10-34-435 EMS Charges** - Revenue generated from a \$6 per residence and business monthly charge to pay for the countywide EMS program. This charge is passed on to Cache County through expense account [10-54-330](#).

### Transfers & Administrative Charges

*The Administrative Charges portion of the Revenue section of the budget shows funds transferred into the General Fund from enterprise funds.*

**10-38-890 Appropriated Fund Balance** - This account is used to allocate funds from the existing fund balance.

**10-38-891 First Responder's Transfer to General Fund** - No funds are budgeted in this account this year.

**10-38-892 CRA Transfer to General Fund** - No funds are budgeted for this FY. Per the agreement of the formation of the CRA, 5% of funds received into the CRA are eligible to transfer into the General Fund as an admin fee for the CRA.

**10-39-700, 701 and 702** - Enterprise funds (water, sewer, stormwater) reimburse the General Fund for costs incurred in managing and operating the utility operations. An analysis is performed each year to examine the administrative costs and the costs are adjusted accordingly. These costs include staff, software, equipment, facilities, vehicles, etc.

A rural landscape at sunset. The sky is filled with warm, golden light from the setting sun, with some clouds catching the light. In the foreground, a group of sheep, some white and some black, are grazing in a green field. There are some bare, light-colored branches scattered on the ground. In the middle ground, there's a paved road with a dark car parked on the side. Behind the road, there are several buildings, including what looks like a barn or a large shed with a corrugated metal roof. In the background, there are rolling hills or mountains under the sunset sky.

# PLANNING AND BUILDING

FISCAL YEAR 22-23

## Planning & Building

---

In the past year, the Planning & Building Department completed Capital Projects Finance Plan and a Parks Signage Plan. These master plans will help the City plan for future growth in the face of increased demand on our infrastructure and services. The Planning Department has also reviewed several subdivision applications, commercial and industrial developments, fence permits, accessory building permits, and conditional use permits during the year. The Planning & Building Department is responsible for Code Enforcement throughout the City. In 2021, Staff responded to more than 70 code enforcement issues, resolving more than 90% of violations.

In 2021, the Planning and Building Department helped write and review 14 new ordinances that have passed and 2 that did not pass. Notable ordinances include:

- Nuisance ordinance amendments
- Mixed Residential Housing Ordinance
- Animal Land Use Ordinance Amendments
- Lot Line & Parcel Boundary Adjustment Review Process
- Short-term rental regulations
- Amendment to ADU and two-family housing ordinance

Nibley has continued to add new real estate value. In 2021, the Building Department issued a record-breaking number of permits. The City issued 236 building, remodel, solar, and accessory structure permits in the 2021 calendar year, of which 128 were new home building permits. There are approximately 59 available building lots in the City. There are currently 104 Homes under construction.

## 2022 Department Goals/Projects

---

Review and make recommendations to create/update the following ordinances:

- Landscape Ordinance and Standards
- Town Center Commercial Zone and Standards
- Nibley City Design Standards (in coordination with Public Works/Engineering)
- Cluster Subdivisions
- Conditional Uses
- Subdivision Financial Assurance provisions
- Access, Connectivity Standards, and Intersection spacing
- All required ordinance changes from State legislature
- Create an effective Transfer of Development Rights (TDR) Ordinance and Process
- Develop more robust and standardized public and stakeholder engagement activities to ensure public buy-in of major code changes and plan updates.
  - Review future land use for future annexation areas.
  - Develop an Economic Development Strategy for Commercial Development in Strategic Locations.

## Community Development and Recreation

Our community has benefited significantly from our Recreation Department through expanded offerings and quality experiences that connect our citizens. Although the socio-economic benefits are challenging to measure, we know that our recreation programs and events not only improve health and wellness, they also help keep law enforcement costs down, create a great place to live, and significantly improve the quality of life for our citizens.

Matching staffing to the growth of our community for this department is a particular challenge. Especially when we find that residents simply want to do more within the existing programs rather than go outside of Nibley for their recreation experiences. This department has seen the fruits of hiring a Full-Time coordinator in addition to the Full-time Recreation Director especially in expanded youth sports offerings and overall youth sports registrations. In addition to the part time fitness coordinator and part time seasonal recreation coordinator, this budget includes a second part time seasonal coordinator to accommodate very significant growth within youth sports programs. Multiple specialist's positions that teach fitness and other recreation specialties also help to fill recreation needs. This staffing model allows this department to leverage the Recreation Director's management, planning, and sponsor outreach experience while also expanding revenue generating youth sports programs significantly. Exponential growth in soccer, flag football, and ultimate frisbee especially offset the additional cost of staffing and allow us to both accommodate growth and conservatively expand opportunities available for the community. This staffing plan more closely matches recreation departments in cities of similar size with a similar level of service. However, as the community grows, programs expand, and additional programs are offered its critical that staffing keep pace with the growth of the community.

With data comparisons from USU Wellbeing Surveys in Nibley, the Imagine Nibley Campaign of 2017, our Parks, Recreation and Trails Plan, continued administration and council direction, post event/program numbers and participant feedback, the department has clear direction regarding recreation that makes a difference in the lives and health of our residents. Supporting this department our Parks and Recreation Advisory Committee continues to support events and offers a continuous connection with the members of our community, to help us provide relevant and effective recreation experiences. This committee will also facilitate ongoing research and planning. This includes exploring the community value of Morgan Farm, and the possibility of moving forward with the creation of indoor recreation and a sports field complex. With the support of this committee, we will continue to more effectively serve this community. Considerations of the impact of meaningful experiences, sustainability, efficient use of resources, and cost/revenue numbers, will continue to be evaluated for both new and existing recreation offerings. Although the overall expenses for this department have increased when compared to the amount budgeted last year, recreation opportunities have expanded, more residents have been served, and revenue generated from programs has significantly increased, surpassing what was projected in last year's revenue for youth sports and fitness programs especially.

Still, anticipated revenue and expenses for this budget are conservative and realistic and well worth the effort considering the mental, emotional, and physical recovery residents are enjoying while returning to pre-Covid19 activities. As new programs are offered staff will continue to carefully create the best forecast of revenue and expenses. However, with cost recovery evaluations, participation data collected, growth trends monitored, along with historical revenue and expense numbers, the department has more effectively forecasted the recreation budget presented here to benefit of residents considered Nibley City's most valuable asset.

## Community Reinvestment Agency

The Nibley Community Reinvestment Agency was created in 2020, as a tool to encourage economic development along HWY 89/91. Although the Agency was created, agreements with property owners have yet to be completed. However, recent events and discussions are looking favorable for the agency to start receiving money. This budget serves as a frame work in case the agreements come to fruition.

## Emergency Medical Services

*This fund was renamed from First Responders to Emergency Medical Services in fiscal year 2021-22. Nibley City has entered into an agreement with the Cache County Fire District to provide ambulance service, as well as management of the former Nibley Millville First Responders Unit. A fee of \$5.00 per utility account per month was passed in June of 2022 by the City Council to cover the expense of the agreement.*

### Capital Project Revenue Accounts

**45-38-610 Interest Earnings-** Revenue generated from interest earned by the City on all fund balances of money held in interest-bearing accounts. The interest is apportioned out once per year at the end of the fiscal year to each of the individual funds based on the percentage of each total fund balance.

**45-38-612 Park Reimbursement From County** - This account reflects funds received in FY 21/22 from Cache County as reimbursement for the purchase of Firefly Park in the amount of \$411,500.

**45-38-690 Sale of Fixed Assets** - No funds are being budgeted in this account this year.

**45-38-700 Transfer from General Fund** - Revenue transferred from the General Fund as surplus and placed into the Capital Projects Fund for use on various projects.

**45-38-710 Sale of Surplus Land** - No revenue is expected this fiscal year.

**45-38-720 Grant – RAPZ** - Revenue generated from this account is allocated through the Cache County RAPZ Tax program. This money is coming from the reimbursement from the construction of Firefly Park. We are expecting to receive two more disbursements during the years 2023 and 2024.

**45-38-721 Grant – RAPZ Population Allocation** - Funds distributed to each city in the Cache County each year from the Recreation Arts Parks and Zoo sales tax. Funds are distributed based on population.

**45-38-722 Grants** - Funds allocated for the technical planning assistant UDOT grant. We will receive \$110,000 from Safe Routes to School on 3200 South from 800 West to 1200 West.

**45-38-725 Grant – CCOG** - See 45-40-731 Major Street Projects for more info. In 2017, Nibley applied for and was awarded \$1.9 million from the Cache County Council of Governments to realign 1200 West at 3200 South. In 2019, Nibley applied for and was awarded an additional 1.25 million. This portion will pay for the stretch of 1200 W from 3200 S to 3000 S.

**45-38-727 Grant - Ridgeline Park** - Staff is working diligently towards receiving a Federal Grant to assist in the construction of Ridgeline Park. A consultant has been selected to assist that has been successful a number of times securing the grant. For a phase one project, staff is seeking \$1,000,000.00 to be reimbursed.

**45-38-800 Miscellaneous-** Unanticipated income received for capital project purposes.

**45-38-910 Appropriated Fund Balance** - Revenue allocated from funds that would be appropriated out of the existing Capital Projects fund balance to be used in the current budget year.

**45-40-731 Major Street Projects** - 1200 West through Nibley has been a primary focus. Phase 1 and Phase 2 have previously been constructed. Staff is planning on seeking funding from the Cache County Council of Governments (COG) for additional funds to complete Phase 3. Phase 3 is estimated at this time to be a cost of \$2,500,000. The COG grant, if successful, covers 93% of that cost. An additional \$275,000 is being budgeted to construct partial roadways at the following locations that the City is responsible to construct: 1350 along our Recycling site, 450 West south of Sheridan Ridge, and 1000 West near Firefly Estates.

**45-40-734 Street Maintenance/Construction** - See [11-40-650](#).

**45-40-735 Public Works/City Hall Building Projects** - Funds allocated for the design of City Hall's landscape, as well as remodeling the Public Works building.

**45-40-736 Facilities Parking Lot Preservation** - Funds allocated to fund maintenance of City parking lots, in order to increase lot longevity. No projects are planned this year.

**45-40-737 Master Plans** - Funds are budgeted in this account this year for a parks master plan.

**45-40-738 Morgan Farm:** Funds allocated for various improvement projects at the farm, including a trailway through the farm from 800 West to Elkhorn park to the North. Other projects include fencing repairs, historical gate repair, fertilizer and other nutrient application to pasture, as well as foundation repairs to east side of barn.

**45-40-742 Capital Equipment** – Funds allocated for the lease on an administration vehicle (\$3,600), recreation vehicle (\$3,600), two public works vehicles (\$3,600), parks vehicle (\$3,600), as well as one backhoe and one midi-excavator of \$8,000 apiece for the streets and parks departments. We are also budgeting an additional \$75,000 for a tractor for the Parks department's use.

**45-40-745 River Repair** - Funds allocated in order to maintain the improvements made in the Blacksmith Fork River restoration project and to repair damage that occurs during heavy river flows.

**45-40-746 Active Transportation** - Funds allocated to purchase Right-of-Way for and construct future trails and sidewalk projects. Money in this account will remain in a dedicated fund. Funds will be used for construction of trails as shown in the Trail Master Plan, and to connect missing links in the City's sidewalk network. This account is anticipated to fund a different portion of missing links in the network each year. The sidewalk and trail segments being considered this year are \$165,000 for missing sidewalks on the south side of 3200 South between 1200 West and 800 West, \$16,000 for Hollow Road Advisory Lanes, \$75,000 for Apple Creek Trail, as well as \$9,000 for design of Morgan Farm Trail.

**45-40-747 ROW Acquisition** - Funds allocated to purchase Right-of-Way for future street projects.

**45-40-748 Capital Projects Miscellaneous** - Funds allocated for Nibley City's match from the technical planning assistant UDOT grant.

**45-40-749 Cottonwoods Infrastructure** - The Cottonwoods Development paid the City \$10,000.00 to install a future water line along an easement located on the northeast side of the subdivision. The Cottonwoods Development also paid the City \$9,737.00 in compliance with the Planning Commission Resolution 17-P3 for future improvements along Hollow Road adjacent to the Cottonwoods Subdivision. These terms were placed in the Development Agreement for the Cottonwoods, and that Development Agreement was approved by the City Council on January 17, 2017.

**45-40-750 Public Art** - Funds allocated for public art to be placed throughout the city.

**45-40-751 Elkhorn Park Playground Replacement** - Funds allocated for the replacement of the playground structure and swings at Elkhorn park, which were no longer functional.

**45-40-752 Feasibility and Planning Studies-** Funds allocated to study the feasibility of constructing an indoor community recreation center, as well as preliminary planning and design for a new Public Works yard and City Hall Expansion.

**45-40-753 Ahnder Parking Lot-** Construction of Parking Lot at Ahnder Park.

**45-40-760 Property Acquisition** - No funds are budgeted in this account this year.

**45-40-761 Engineering Design** - Funds allocated for engineering designs for future projects. Staff is looking forward to the possibility of receiving additional ARPA money from the Federal Government. It would be beneficial to have plans ready to apply for those programs, as all CCOG applications require a 90% design. Possible projects are traffic calming and intersection improvements at: 1200 West and 2600 South, 3200 South & 1500 West Intersection, 3200 South & 800 West intersection, 2600 South and 800 West, as well as the Sierra Drive connection to 3200 South. Also \$100k budgeted in Street Impact Fee 1200 West that can be used to pay for some design.

**45-40-762 Ridgeline Park** - Park impact fees allocated for beginning the first phase of Ridgeline Park, with planned amenities.

**45-40-770 Reserves** - Funds saved in reserve for additional City projects and needs.

- \* Abandoned the 8 inch line on 3200 South and moved services to the 12 inch line
- \* Worked with developers to upsize critical lines
- \* Went through the water system, flushing and maintaining the fire hydrants. Identified hydrants in need of repair
- \* Continually working to reduce unaccounted water usage
- \* Actively working on improving our meter maintenance to ensure accurate readings for billing purposes

## 2022-23 Department Goals

- Continue working on meter maintenance to ensure accurate readings for billing purposes
- Continue to reduce unaccounted water usage
- Repair improperly working fire hydrants that have been identified
- Update GIS mapping of water system when discrepancies are found
- Evaluate and maintain hydraulic control valves (PRVs) for proper operation
- Put in place and begin working on a valve exercising program
- Future Project                      Develop a plan for addressing Yeates Spring
- Future Project                      2 or 3 Million Gallon storage tank – approximately 2023
- Future Project                      Construct 1200 West well – approximately 2026

# SEWER DEPARTMENT

FISCAL YEAR 22-23

Morgan Farm, view from 800 West

Because of its relatively young age, the Nibley City sewer system has low maintenance costs. The majority of the Sewer department's maintenance budget is spent on cleaning and video inspections of the system in order to maintain its efficient operations.

### **Sewer Department Accomplishments 2021-2022:**

- Inspected 30 manholes
- Repaired valving at Hansen Lift Station
- Replaced one pump at Hansen Lift Station
- Cleaned 1000 feet of sewer line
- Identified needed repairs at 4 Points Lift Station

### **Sewer Department Goals for FY 2022-2023:**

- Replace 2 check valves at Hansen Lift Station
- Recondition 4 Points Lift Station
- Inspect all manholes
- Assess sewer lines and clean as needed
- Put in place a weekly cleaning and maintenance evaluation program for all Nibley City lift stations
- Update GIS mapping of wastewater system when discrepancies are found
