County Bicycle Route

This on-street route follows quiet rural and residential streets from Logan, south through Nibley and on to Hyrum Dam and even to Paradise. Look for the bike route signs marking this long-distance ride.

Nibley City Recreation Routes

Both the cross-town 3200 South and Hollow Road routes provide room for cyclists, joggers, and walkers to stretch their legs and take in the sights and sounds of beautiful Cache Valley. 3200 South provides both a striped bicycle lane and sidewalks, whereas Hollow Road utilizes a shared roadway.

Nibley City 5K (3.11 miles)

This route marks the course of the annual Nibley City 5K, a popular fun run held every summer. Perfect for a quick jog or leisurely walk, the route provides sidewalk access throughout and easy access to Heritage Park, and both elementary schools.

Nibley Heritage 10K Loop (6.2 miles)

This longer route is effectively double the 5k loop for those looking for a longer outing. Look for official signage marking the route that utilizes quiet roads and neighborhood sidewalks for a full and pleasant tour of town.

Nibley Trails

These trails provide access to parks and off-road pathways for all to explore and enjoy.
